Information Given or Action Taken

Contract approved and funding available as of 14 May 1963

Harry was advised to drop contract or to extend contract for 3 or 4 months. It seems that the extension will now involve approximately 10 months after the date of award of the contract extension. No increase in funds would be requested.

One idea that might be considered by P&DS is the possibility that final fabrication be completed at Itek and final spatial filtering data be completed by [redacted] upon his arrival at NPIC.
